

1. I ask that you please keep K-Love on the air, and do not allow for the LPFM stations to take priority over current FM translator services.
2. K-Love is a national service that brings family programming to anyone in the country. There are very few positive, uplifting stations that change people's lives in the way that K-Love does.
3. Without K-Love, we would not be able to touch as many lives as we do. K-Love brings a positive, and uplifting message to those in a time of crisis, as well as continuing the positive message to those that are already very blessed. If this radio station can save one life, or keep one criminal from committing a crime, it is more than worth being on the air.

Thank you for your time. This is a very important service to the community!
